OFFICIAL ORDERS.

Important Order from Gen. Canby.

HEADQ'RS 2D MILITARY DISTRICT,
CHARLESTON, S. C., Dec. 31, 1867.

GENERAL ORDERS, No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 29th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established, in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or the State of South Carolina, rendered between the 19th day of December, 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered on record, and except in cases where the plaintiff or his attorney upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors: *Provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGES.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 29th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th day of April, 1865, for the 19th day of May 1865.

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS,

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves made subsequent to the 1st day of January, 1863, are suspended.—Judgment or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant, who has a family dependent upon him or her support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XIV is amended by adding thereto: All proceedings in any court of North Carolina, or of South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on the war against the government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female, or insane person, (*cestuique trust*) whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Orders No. 25, of May 20, 1867, is revoked; and on and after the first day of January, 1863, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1866, are revoked, and the power to grant licenses for the sale of spiritous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the first day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons, and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and cost.

2. Drunkenness and disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar room, saloon or other place at which intoxicating liquors are sold, and other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceeding the opening and next succeeding the closing of the polls at such election: and the sheriffs of the counties and districts and the chief of police of cities and towns, shall have power to direct the closing of bar rooms and other places for the sale of intoxicating liquors wherever it may be necessary in their judgement to preserve order and quiet.

5. The proceeds of all license, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the commissioners or overseers of the poor of the district, county, city or town in which they accrued, and the commissioners or overseers will at the end of each month report to the Provost Marshal General of the District the amount received by them during the month, specifying the names of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations may be enforced in any civil or military court, and upon conviction the court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all sheriffs, constables and coroners of counties and districts, and the police of cities and towns to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 32, to innkeepers, as remain unexpired after the 1st of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will on the 15th and last days of each month, report to the judge of their county or district court all commitments made by them during the preceeding half month, specifying the date of commitments, the names of the prisoners and the offences for which they were committed, to the end that the judges may whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms of their courts for the purpose of disposing of such cases. The additional expense of holding such special terms will be charged upon the State Treasury, and the accounts therefor will be audited and paid, as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition upon the proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the State of North and South Carolina are so far modified that on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by the United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 26th day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the (poll) tax of such persons liable to the same, as are in their employment, on the first day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes levied for the current year, except that double poll tax shall not be enforced if the original tax be paid on or before the 1st day of March, 1868.

By command of Brevet Major General ED R. S. CANBY:

LOUIS V. CAZIARC,
Aide-de Camp,
Actg. Asst. Ad. Genl.

Extract from general orders No. 10, referred to in the above order of Gen. Canby:

Second. "Judgment or decrees for the payment of money on causes of action arising between the 19th of December, 1860, and the 15th of May, 1865, shall not be enforced by execution against the property or the person of the defendant. Proceedings in such causes of action now pending shall be stayed, and no suit or process shall be hereafter instituted or commenced for any such causes of action."

Third. "Sheriffs, coroners and constables are hereby directed to suspend for twelve calendar months the sale of all property upon execution of process on liabilities contracted prior to the 19th of December, 1860, unless upon the written consent of the defendants, except in cases where the plaintiff, or in his absence his agent or attorney, shall upon oath, with corroborative testimony allege or prove that the defendant is moving or intends fraudulently to remove his property beyond the territorial jurisdiction of the Court. The sale of real or personal property by foreclosure of mortgage is likewise suspended for twelve calendar months, except in cases where the payment of interest money accruing since the 15th day of May, 1865, shall not have been made before the day of sale." *Fourth*. "Judgments or decrees entered or enrolled on causes of action arising subsequent to the 15th day of May, 1865, may be endorsed by execution, against the property of the defendant, and in the application of the money arising under such executions, regard shall be had to the priority of liens unless in cases where the good faith of any lien shall be drawn in question. In such cases the usual mode of proceeding adopted in North and South Carolina respectively to determine that question, shall be adopted.

"*Fifth*: All proceedings for the recovery of money under contracts, whether under seal or by parol, the consideration for which was the purchase of negroes, are suspended. Judgments or decrees entered or enrolled for such causes of action shall not be enforced.

Seventh. In all sales of property under execution by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances and twenty acres of land for the use and occupation of the families of the defendant, and necessary articles of furniture, apparel, subsistence, implements of trade, husbandry or other employment of the value of $500. The homestead exemption shall inure only to the benefit of families—that is to say, parent or parents and child or children—in other cases the exemption shall extend only to clothing, implements of trade or other employment usually followed by the defendant, of the value of $100. The exemption hereby made shall not be waived or defeated by the act of the defendant. The exempted property of the defendant shall be ascertained by the Sheriff or other officer enforcing the execution, who shall specifically describe the same, and make a report thereof in each case to the Court."

"*Tenth*. In suits brought to recover debts known as actions *ex contractu*, bail, as heretofore authorized, shall not be demanded by the suitor nor taken by the sheriff or other officer serving the process: in suits for trespass, libel, wrongful conversion of property and other cases, known as actions *ex delicto* bail, as heretofore authorized, may be demanded and taken,—The prohibition of bail in cases *ex contractu* shall not extend to persons about to leave the State, but the fact of intention must be clearly established by proof."

"*Fourteenth*. The punishment of death in certain cases of burglary and larceny imposed by the existing laws of the provisional governments in this military district, is abolished. Any person convicted of burglary or of larceny, when the property stolen is of the value of $25, of assault and battery with intent to kill, or of assault with a deadly weapon, shall be deemed guilty of felony, and shall be punished by imprisonment at hard labor for a term not exceeding ten years nor less than two years, in the discretion of the court having jurisdiction thereof. Larceny, when the value thereof is less than $25, shall be punished by imprisonment at hard labor for a term not exceeding one year in the discretion of the court."

Officer McDermott of the Police Force (who is detailed to help guard the gang) followed him to the swamps and fired four shots at him; but he managed to get off and has not since been seen.

Four carriers are no force at all. We have to employ *eight* or *nine* to sell the REGISTER. *One* of our carriers sold *one hundred and fifty-five* copies day before yesterday.

☞ Isreal Pierce, a colored man, injured by the fall of the walls of buildings destroyed by the recent conflagration in Wilmington, died in that city on Thursday last. The immediate cause of his death was lockjaw, which was occasioned by his injuries. By the accident his left leg was broken, the foot badly crushed and the flesh on the limb very much lacerated. He was attended by Dr. Thomas F. Wood.

The coroner was informed of the fact of the death of this person, but it was considered unnecessary to hold an inquest, such a time having elapsed between the injury and death, and the cause being so well known and generally understoood

DR. J. J. LAWRENCE—Dear Sir:—Please send me immediately per Express to Tarboro', two dozen more bottles of your Rosadalis. I have carefully examined its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,

A Wonderful Cure of Scrofulous White Swelling.

[HOME CERTIFICATE.]

I hereby certify that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up that I could not bend it all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Rosadalis Cures Carbuncles, Boils, Pimples, &c.

CERTIFICATE FROM AN OLD AND MUCH RESPECTED CITIZEN OF GREENE COUNTY, NOW A RESIDENT OF WILSON, N. C.

I hereby certify that, during the summer and fall of 1866 I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption, in its Early Stages can be cured.

BALTIMORE, Md., March 4th, 1867.

Dear Dr. Lawrence:—My daughter having been cured of a deeply seated disease of the lungs by your Rosadalis, I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night; at last the emaciated form, glassy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis, as a tonic—which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.

Yours, respectfully,
MRS. E. ANN SMITH.

SALT RHEUM CURED! REMARKABLE CURE!!

DR. LAWRENCE, Wilson, N. C.:

My Dear Sir—For the last ten years, until recently, I suffered with an inveterate eruption of the skin—called by Physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best Physicians in Europe and this country—have visited several celebrated springs—spent thousands of dollars, and failed to get any better. In December, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel that he had been cured of a bad tetter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.

Enclosed find One Hundred Dollars, which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known? Your sincere friend,

W. T. SELTZER.

THE RECONSTRUCTION COMMITTEE

The Reconstruction Committee is composed of Messrs. Stevens, of Pennsylvania (chairman); Boutwell, of Massachusetts; Bingham, of Ohio; Farnsworth, of Illinois; Hulburd, of New York; Beaman, of Michigan; Paine, of Wisconsin, republicans; Brooks of New York, and Beck, of Kentucky democrats—seven to two.

HOW CONVENTIONS ARE PACKED.

The recent "Republican" Convention which met in Tucker Hall, and put in nomination a long list of candidates for office, was composed of as many members from the several counties, as chose to come to Raleigh, so that some counties had the strength of twenty to fifty, while others had but one, and in many cases no representation. We find in the *Standard* of this morning a list of the delegates; and by way of showing how the body was constituted, we have summed up the number in each county, as follows:

Anson,	2	Hyde,	3
Ashe,	1	Iredell,	1
Alexander,	1	Johnston,	10
Alamance,	5	Jones,	2
Beaufort,	7	Lenoir,	3
Burke,	3	Lincoln,	1
Brunswick,	4	Madison,	3
Bladen,	4	Montgomery,	1
Caldwell,	1	Moore,	3
Currituck,	2	McDowell,	1
Carteret,	4	Macon,	1
Catawba,	1	Martin,	4
Columbus,	2	Mecklenburg,	4
Cherokee,	1	New Hanover,	7
Chatham,	4	Nash,	2
Chowan,	3	Northampton,	6
Cleveland,	1	Onslow,	2
Caswell,	3	Orange,	4
Cumberland,	8	Person,	1
Craven,	24	Pitt,	4
Cabarras,	2	Pasquotank,	1
Davie,	1	Perquimans,	2
Duplen,	2	Robeson,	2
Davidson,	7	Rockingham,	3
Edgecombe,	4	Richmond,	2
Forsythe,	5	Rowan,	3
Franklin,	25	Randolph,	3
Greene,	2	Stanley,	1
Guilford,	2	Surry,	2
Granville,	6	Stokes,	4
Gaston,	2	Tyrell,	1
Gates,	1	Union,	1
Henderson,	1	Wake,	42
Hertford,	1	Wayne,	4
Haywood and		Warren,	4
Jackson,	1	Yadkin,	1
Halifax,	6	Yancy,	1
Harnett,	2		

Total number of delegates, 291

Of these, twelve counties were represented as follows:

Wake,	42	Franklin,	25
Craven,	24	Johnston,	10
New Hanover,	7	Beaufort,	7
Davidson,	7	Halifax,	6
Northampton,	6	Alamance,	5
Granville,	8	Cumberland,	8
Total.			155

It appears, therefore, that of the 291 delegates in the Convention, 155 represented twelve counties, and that 146 delegates represented 63 counties; leaving 14 counties entirely without representation.

Of the 63 counties, eight or ten were represented by non-residents, whose names appear as representatives from other counties. And in one instance, a county is represented by a gentleman recently from Philadelphia. We are not informed whether he has ever been within one hundred and fifty miles of his constituency.

It is singular that any county should be unrepresented, in view of the fact that the Constitutional Convention was in session in which there are but twelve or thirteen "Conservatives" so-called; and so far as we know them by name, all the counties represented by them in that body, were also represented in the Tucker Hall affair. So that some fourteen of the Republican counties were not represented at all, while as many more were represented by generous minded proxies.

These facts are sufficient to show that the Tucker Hall Convention was in no proper sense, a representation of the Republican sentiment of North Carolina. It was composed in large degree by volunteers from Wake, and a half a dozen other counties having the greatest facilities for getting to Raleigh.

The 291 delegates whose names are given in the Standard strikes us as another modest statement of the number present. Knowing as we do the capacity of Tucker's Hall, and remembering its crowded condition we cannot doubt that a considerable number of well-wishers to the cause of Mr. Holden, who happened to be in town, were permitted to take part in the proceedings.

In the light of these facts, the imposing "Republican State Convention" of Wednesday last dwindles down to the proportions of a local mass meeting, gotten up in the interest of Mr. Holden. If the Constitutional Convention had not been in session, not a third of the counties would have been represented, while with the aid of that body and its eight dollars per diem, they managed to get up delegations from only 75 of the 89 counties; a dozen or more of them being proxies. The whole affair, therefore, is little better than an imposition.

Mr. Holden was nominated by acclamation; the 42 delegates from Wake, counting equal to as many counties in other parts of the state. This fact may explain another fact, viz: that Wake county, received so many of the best places.

ANOMALOUS ISSUE.

We have two rival parties organized in North Carolina, each of which aims at the monopoly and perpetuation of power, by the disfranchisement of the other. The white man's party aims at the exclusion of all black men from the right of suffrage: while the black man's party aims at the exclusion of a majority of the intelligent whites. It may be hoped that the Constitutional Convention will concede equal rights to all; but this is not the desire of Mr. Holden, nor of Mr. Vance. Neither is the friend of the general welfare, and the rights of all; each is striving to promote the welfare of his own party, at the expense of those who would vote on the other side. We can have no sympathy with such men, nor with their ambitious schemes.

PROCEEDINGS OF THE CONVENTION.

MONDAY, March, 2nd.

Convention called to order at 10 o'clock.

Prayer by Rev. H. T. Hudson, of the M. E. Church.

WHEREAS, It is of the utmost consequence that this Convention, in view of the importance of this State being represented *as* a State in the coming Convention at Chicago, should, as speedily as posible finish its work and submit the constitution framed by it to the people for ratification or rejection; now therefore,

Be it Resolved, That the President shall appoint a Committee of two from each Congressional District, whose duty it shall be, on and after Thursday the 5th day of March, to recommend to this Convention all bills, ordinances and constitutional articles which should in the opinion of that Committee, he acted upon by the Convention; and that no other bills, ordinances or constitutional articles shall be acted upon, but those recommended by the Committee appointed in pursuance of this resolution.

Mr. Candler, a resolution approving the impeachment of the President, and thanking Congress for so doing. Lies over.

Mr. Jones of Caldwell, a resolution changing the time of meeting of the Convention each morning from 10 to 9½ A. M. Lies over.

UNFINISHED BUSINESS.

On motion of Mr. Abbott, the report of the Committe on Immigration was then taken up.

Mr. Caudler offered a substitute empowering the Legislature to create the office, leaving the appointment to the Governor to be confirmed by the Legislature. Made the special order for to-morrow 10½ o'clock.

Mr. Rodman moved to amend so that no member receive pay after the 12th inst.

Mr. Heaton accepted the amendment.

Mr. Candler offered the following substitute "that it is the sense of this Convention, that we adjourn on the 12th inst, but if the work is incomplete, that the Convention has power to rescind its action in this case." Carried.

SPECIAL ORDER—HOMESTEAD.

The question recurred on the 2nd section as amended.

Mr. Rich moved to strike out in lines one and two, the words "not exceeding one hundred acres of land," which motion prevailed.

Mr. Jones, of Caldwell, moved to amend the ninth line 2nd section, after the word "debt," by inserting, "but no property shall be exempt from taxes, or for payment of obligation contracted for the purchase of said premises." Carried.

Mr. Graham, of Orange, offerred a substitute for the whole, leaving the matter with the Legislature, which was lost—yeas, 32; nays, 62.

On motion of Mr. Tourgee, further discussion was deferred, and the resolution made the Special Order for Thursday night next.

The report of Committee on Corporations, other than Municipal, was taken up.

Mr. Bryan renewed his motion to reconsider the vote by which section four was stricken out, motion did not prevail.

On motion of Mr. Tourgee, his ordinance to prevent the amercement of Sheriffs, was taken up andpassed.

Leave of absence was granted Mr. Ragland.

Ordinance prohibiting the collection of debts for hire or purchase of slaves, introduced by Mr. Watts.

Mr. Candler moved to amend by inserting "provided that debts contracted for the sale or hire of slaves prior to 1st of January, 1863, shall be collectable."

On motion of Mr. Graham of Orange, laid on the table.

Mr. Rodman moved to suspend the rules and take up his resolution referring the whole matter of divorce to a Committee of five instead of three.

The rules were suspended and after considerable debate, the whole matter was, on motion of Mr. Ing, postponed indefinitely.

Mr. Graham, of Orange, moved to adjourn *sine die*. Lost.

The Convention then adjourned until 7½ o'clock to-night.

The High Court of Impeachment.

The politics of each Senator, and the State from which he is sent, are given. It will be seen that the Senate consists of fifty-three members. A Mystery Explained.

If startling phenomena, were promptly investigated (says the *Watchman and Reflector*,) by minds free from superstition and fear, occurrences, that appear to have a supernatural origin would often find an easy solution. Judge Parsons used to tell with great zest of an incident in his travels which would have furnished food for a whole company of village gossips.

His wife, who seemed much agitated, waked him one night at a village inn, and told him there was a woman sitting at the foot of the bed knitting. The Judge saw the figure as distinctly as his wife, but having no thought of a supernatural origin of vision, began to speculate on its real cause. After looking sharply for some minutes, while the woman knitted on with unruffled composure, he was confident that he could see the wall through her, and she could not therefore be substantial flesh and blood. This discovery, which might have affrighted weaker men, only aroused his curiosity. He at once rose from the bed, and walking to the foot, saw that no one was there—the form had vanished.

Putting his head as nearly as possible in the position where he had seen the woman, the mystery, was at once explained. He saw a circular hole in the shutter behind the bed, through which rays of light were streaming, and going to this hole to look through, saw a woman in the room on the other side of the street knitting. The nerves of the wife were greatly soothed by this discovery, and the inquisitive spirit of the Judge was gratified by so simple an explanation of the apparition. Many ghost stories could be easily shorn of their apparently supernatural character by a cool and careful investigation.

The Editor who, in Meriden, Conn., was, as is alleged, assaulted by a hotel keeper for remarks made upon the exclusion of Fred. Douglass from said hotel keeper's dinner table, is the gentleman who said he nailed the "black flag of Republicanism" to his editorial mast, (or words to that effect) and declared that any man who would assassinate President Johnson would achieve an honorable immortality.

THE HOUSEHOLD REMEDY.

As the hot weather progresses, cholera morbus, diarrhea and dysentery will be found very prevalent. These diseases are indigent to the season, and, if neglected, often terminate fatally. It is therefore necessary for every family to be provided with a reliable antidote to these dangerous maladies. *Hostetter's Stomach Bitters* has been proven, by past experience, to be the greatest household remedy of the age. No preventive of disease, or restorative of health, has ever achieved half the popularity of this safe and yet powerful agent. It acts directly upon the liver and digestive functions, removing all troubles of a bilious tendency, regulating the escretions and toning and strengthening the stomach. When the nervous system has become impaired, and the patient experiences a fretful and excitable temperament, he will find this a soothing and health-restoring preparation, as it acts like a charm upon the worn down and weary system, without reaction or excitement of the brain, which is often the case with other preparations.

The virtues of *Hostetter's Stomach Bitters* are acknowledged throughout the country for Fever and Ague, and diseases arising from miasma, giving relief when all other remedies have failed, soothing the sufferer from nervous debility, and imparting strength to the weak and shattered constitution. In cases of dyspepsia it has proved invaluable, and is generally used wherever its health-restoring qualities are known.

WANTED—AGENTS TO SELL DR. WM. SMITH'S

"*DICTIONARY OF THE BIBLE.*"

It contains over 1000 closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with more than 200 engravings on steel and wood, and a series of fine, authentic maps.

It comprises the Antiquities, Biography, Natural History, Topography, and is a complete Cyclopedia of the Scriptures.

It is necessary to every Bible reader, indispensable to every Minister and Sunday School Teacher, and ought to be in every family.

It is highly commended by all learned and eminent men, and by the press generally in all parts of the country, as the best book of the kind in the English language.

DO NOT BE DECEIVED!

Owing to the unprecedented popularity of this Work, a small English abridgement, in duodecimo form, of about 600 pages, has been reprinted in this country in larger type, and spread over 800 octavo pages, evidently—by making a larger book than the original—to give the impression easier that it is our edition. It has less than half the reading matter of ours, and is sold considerably higher than the English edition of the same book in this country. Some agents are endeavoring to palm off this juvenile edition for ours.

Teachers, students, retired clergymen, farmers, and energetic women find the agency for this work both pleasant and lucrative employment. Send for circulars, giving full particulars, terms, &c., to

LOCAL DEPARTMENT

MEETING OF THE CITY COUNCIL.—At an adjourned meeting of the City Council held last evening, the following members were present:

Wm. D. Haywood, Mayor.

Messrs. R. H. Battle, A. N. McKimmon, J. M. Betts, J. J. Overby, Parker Overby, J. D. Royster, B. F. Cheatham, D. L. Royster and J. A. Moore, Commissioners.

On motion of Mr. J. D. Royster, it was ordered that the Committee appointed heretofore to ascertain on what terms Engine Hose could be purchased, be requested to write to different hose-maker and purchase the same on the best possible terms.

On motion of Mr. J. D. Royster, Mr. Len. H. Adams, weigh-master, was requested to ascertain from his books what amount he has received for weighing on the market scales, and be required to pay one-half of the proceeds to the City Treasurer for the last year.

On motion of Mr. J. D. Royster, the Committee appointed to have the market scales put in repair, be requested to have the work done forthwith.

Mr. Cheatham moved to postpone the election of a person to keep the wells and pumps in repair for one week, and that the Mayor advertise for sealed proposals. Rejected.

On motion of Mr. Moore, the Council proceeded to go into an election for a person to keep the wells and pumps of the City in repair for one year, when Messrs. Alsey and Charles Beevers, obtained the contract for the sum of $800.

Mr. Moore moved that Josiah Gilbert be continued as night watch, when

Mr. P. Overby moved that a ballot be had—other parties being proposed.

The ballot was taken, resulting in the continuation of Mr. Gilbert.

The report of Committee appointed on Mayor's and Clerk's books and papers, was received and the Committee discharged.

On motion of Mr. Betts, it was ordered that the official bond of J. D. Thompson, former constable, be placed in the hands of the City Attorney for collection.

On motion of Mr. Moore the Mayor was authorized to procure a Post Office box for his mail.

On motion it was ordered that the Clerk give bond in the sum of $500, for the faithful performance of his duties and the safe keeping of the books and papers belonging to the City.

On motion the meeting adjourned.

J. J. CHRISTOPHERS, Clerk.

MAORS COURT.—*His Honor Wm. D. Haywood presiding.*—The following violaters of the law were presented this morning:

Wm. Woods *alias* Ray, white, charged with stealing. swindling and getting clothing and other articles under false pretences from Martha Lane, colored. Returned to the Superior Court.

Mary Thompson, Mary White and Francis Kearsey, charged with keeping a disorderly house and general disorderly conduct, Returned to the Superior Court.

"TOWER HALL"—Every Carolina merchant, who goes North to purchase clothing this spring should not fail to call at "Tower Hall," 518 Market street, Philadelphia, where BENNETT & Co., keeps the largest and best selection of ready made clothing to be found, perhaps, in any market.

THE BLOWING MONTH.—March, the third month of the year—the terror to seamen and to those who have their habitations on the coast—was ushured in yesterday morning by exceeding high winds and rain, which continued until Morpheus received us into his arms. On awaking this morning the rain had ceased and the sun was shining beautifully, though the wind was howling loudly around the corners of the house.

COMPANY SHOPS HOTEL.—Of all meals, with a weary traveler, after a jolting night, breakfast is the most grateful, timely and refreshing. And of all the items of breakfast a cup of good coffee is the most refreshing. This the traveller on the North Carolina Railroad gets, in good style at the Company Shops Hotel, midway between Raleigh and Charlotte. It is the breakfast house coming down supper going up. Long may it continue to be.

NICE PAINTING.—Any one observing the sign painting over the entrance into our office will admit that it is without superiority anywhere. It was executed by our townsman, Mr. S. M. PARISH, House and Sign painter, and displays great taste on the part of that gentleman. This sign tells you where to find our abode, and also where you may have printing of any description, neatly, cheaply and promptly executed.

CHANGE IN THE HOUR.—Should any one hear the City bell ring about ten o'clock to-night they need not be alarmed. The custom has been to make this change every six months, and as this is the first of March "our" bell was rung at eight instead of nine o'clock this morning, and will be rung at ten instead of nine o'clock to-night.

THE WEED.—A new brand of tobacco has made its appearance in market. Mr. George C. Upchurch, dealer on Hargett street, sent us a lot on Saturday night, and we must say its flavor surpassed any we have used in some time. Though tobacco-chewing is a filthy practice, printers will use it, and we take pleasure in recommending the above.

FROM SAM TO HIM!

At a bar dinner, Mr. Sam Ewing, a lawyer and a punster, was called upon for a song, and while hesitating to respond, a judge present observed that it wouldn't be much, as it would be but Sam (psalm) singing. "Well" rejoined Ewing, "Even that would be better than him (hymn) singing." The judge wilted. For ourself, we are not much of a singist, though we cannot refrain from occasionally trying to sound the praises of the great "BARLEY SHEAF" COOKING STOVE. This stove combines many admirable qualities, burns either wood or coal, and richly merits all the good things said of it.

Messrs. STUART, PETERSON & CO., Philadelphia are the manufacturers. Beware of imtations.

After saying "yes,' General Emory withdrew,

PROSPECTUS.

Having long felt that a necessity existed for a journal in the Southern States devoted especially to Music, the undersigned has at length determined to issue a periodical, to be called

THE SOUTHERN JOURNAL OF MUSIC.

The people of the South have always been noted for their love of the Fine Arts, as well as the culture of good taste in every household; and though the war has left but little time and less ability to pursue favorite studies, yet the old love remains, and will show itself in greater devotion than ever, as rapidly as the people can recover from the terrible results of the war. The undersigned, therefore, confidently expects his enterprise to be a popular one, while with him will rest the responsibility of making it a successful one.

It is the fixed determination to labor for the continued cultivation of good taste, by producing earnest thoughts from the best thinkers, all aimed at the one great end, of adapting High Art to the popular taste, and thus, if possible, preventing that demoralization in Music which has nearly ruined the hopes of Art in other departments.

THE SOUTHERN JOURNAL OF MUSIC will be a monthly of sixteen pages, each number containing from three to five, or more pages of good music—the music alone, if bought in the usual way, costing five or six times as much as the subscription price. Great care will be exercised in the reading matter, and the most scrupulous regard will constantly be had to the presentation of that only which tends to elevate the taste

TERMS—$1 00 PER ANNUM IN ADVANCE.

The price is fixed at such a low figure that club-rates are not admissable, but a liberal per centage will be allowed to any who will forward a list of twenty-five or more.

The first number will be issued about the first of October next, and succeeding numbers will appear regularly every month thereafter. Should the subscription list justify the expense, improvements will be made as time will show occasion; but the journal will be published whether the list will justify the improvement or not.

Music Dealers, Seminaries, and others who feel interested in such an enterprise are requested to exert their influence in favor of the Journal.

Editors who receive this prospectus and make a notice of it, stating our terms, &c., will please send copy of paper marked.

Daily Raleigh Register.

SATURDAY, FEBRUARY 29, 1868.

Beside an Open Coffin.

Good-by! This is our parting place!
  Your face is white, and still, and cold;
Your hands are clasped, your eyelids sealed,
  And, standing here, my heart is old.

And heavy with this bitter loss;
  Though you are here, yet still alone;
And you, so free from this dumb pain,
  Unto eternal glory gone.

I could not wish you happier lot;
  But, ah! without your true black eyes,
The light which shows you now to me
  Will darken in the arching skies.

The sunshine will be golden gay;
  But sunnier far I found thy smile;
And then will it be bright to me—
  Falling upon thy grave the while.

You lie so still—you do not speak;
  You look so proud, and calm and still;
Too pure to place away so deep,
  But then we know it is His will.

Who sends us clouds, and shine, and rain—
  Most bitter rain—to loose the soil
Of earth around our heart and gives
  Us dreamless rest after our toil.

I hear a sobbing in a room
  Beyond us; but we weep no tears—
Your eyes are dry forevermore,
  And I, perchance, must weep out years.

When over you weeps the summer rain,
  My heart will weep, though I seem gay;
Through all my seeming gayety,
  I shall remember this sad day.

Good-bye! Some day I, too, shall rest,
  With frozen lips, and heart as cold;
And then I'll meet thee, and be young—
  Just now I feel so tired and old.

Saving Manure, Subsoil Plowing, etc.

The manure and offal of the farm should be placed in a cemented enclosure; this enclosure should communicate with a cistern, the urine of the cattle should be collected in the cistern and from time to time pumped over the enclosure. In preparing the manure heap, to every twelve inches of dung cover with four inches of earth; the best earth is ditch scrapings; the earth should be aluminous. Continue until the enclosure is filled. The manure should be thrown out of the enclosure before using, and after being well turned over can be scattered over the field like poudrette, or the whole can be reduced to liquid and used in that form.—Four or five bushels of lime per acre should be scattered over the land every third year, the fall being best time. Early in the spring sow two or three bushels salt over the limed field; this treatment alternated with plowing in clover, will keep the land in a condition of continual improvement, will lessen weeds, worms, blight, rust, and increase and sweeten the productions of grain hay, fruit, &c.,

Under draining and subsoiling and a worn out field will renovate the land, enabling oxygen, the life of all things, to find its way to the roots of the plants. Too much moisture is looked upon as injurious; where the oxygen of the water is absorbed by plants, that water is like air in a close room, the oxygen of which is converted into carbonic acid gas; the result of this change is death to the persons occupying such rooms. Water cannot be supplied in too great abundance to plants, provided it contains oxygen. A plant immersed in an air-tight jar, absorbs through its roots all the oxygen; if fresh oxygen is not admitted the plant will languishes and die.

The roots of plants absorb oxygen, the leaves carbonic acid gas; feed the roots, and the leaves will take care of themselves.—P. J. H.—*Working Farmer*.

Cure For Hydrophobia.

A German forester eighty-two years of age, wishing, as he states, to divulge an important secret before he dies, publishes a receipt which he has used for fifty years for hydrophobia, and which he claims has saved several men and a great number of animals from a horrible death. The bite must be bathed as soon as possible with warm vinegar and water, and when this has dried, a few drops of muriatic acid pourd upon the wound will destroy the poison of the saliva and relieve the patient from all present or future danger.

VALUABLE

FARM FOR SALE.

The subscriber offers for sale the valuable Farm, in CHATHAM COUNTY, N. C., containing

500 ACRES.

The farm is situated in the Southwestern portion of the county, in the midst of the best Coal and Mineral region of the State; being in one mile of the Ore Hill Iron Works, that have been successfully worked during the late war. The celebrated Mineral Springs are also about one mile distant.

The improvements consist of a large TWO STORY DWELLING, well finished and painted, KITCHEN and SERVANTS HOUSE, Large Framed BARN and STABLES, all in good order. The House is beautifully situated on an elevated position, surrounded by a large yard of about four acres, filled with forest trees, which form beautiful scenery and effectual shade. 125 acres have been in cultivation, the balance in original forest, consisting of Pine, Oak, Hickory, Dogwood, &c., &c.; 10 acres in

GOOD MEADOW,

and 50 acres more could easily be added if wished. There is a

FINE YOUNG ORCHARD

of selected fruit, just coming into bearing, consisting of Apples, Peaches, Pears, Cherries, &c. Also, an Orchard of about 8 acres of the natural fruits in full bearing, many of the varieties are equal to the grafted kind.

The Western Railroad, from Fayetteville Greensboro, (now building) 50 miles now in operation, passes near the property—the Ore Hi Depot being within a mile of the land. The cars now running within 10 miles of the farm, and the Road is expected to be finished during the next year. The Chatham Roilroad, now partially graded, and the Cheraw Railroad all centering in the mineral region of Chatham county, will pass near this property. Thus making it very valuable for investment. Good Mills, Churches, School Houses, Masonic Hall, large Tanneries, &c., all within convenient distance. The subscriber being about to remove to the Eastern part of the State is unable to attend to the property and will sell on reasonable terms for cash or credit.

To any one wanting a good Wheat, Oat and Grazing farm, with good water and healthy location, the above offers a chance not often met with. Address

PHILADELPHIA

University of Medicine and Surgery.

Organized, 1848. Chartered by the Legislature, February 26, 1853. Amendments to Charter, February 15, 1860, and March 15, 1865.

Two full sessions of Lectures each year, commencing the first of October, and continuing until April. The Dissecting Rooms are open, and private lectures and quizzes continue during the entire year. The first session continues until Christmas, or for three months, and the second until the first of April, or three months; the two onstituting one full course of lectures. Examination of candidates for graduation will occur at he end of each session.

REQUISITES FOR GRADUATION.

The requisites for graduation are three sessions of lectures, and three years only; or four sessions, ncluding two years spent at the Tniversity.

THE SYSTEM OF MEDICINE TAUGHT.

The University is a liberal medical school, in which all branches of medicine and surgery are tenght, including the preparatory studies. without regard to any sectarian views. Hence, while they deprecate the exclusiveness of Allopathy, Homœpathy, Eclecticism, Hydropathy, etc., they believe that all principles of cure and therapeutical agents should be taught in all well-regulated medical schools, and that every intelligent, honest, and thorough practitioner is entitled to oll the courtesies and privileges of the profession, without regard to his peculiar notions in therapeutics.

FEES.

The fees for all branches, including all the tickets, matriculation, and dissection, are sixty dollars a session, or one hundred dollars per year. Those who purchase tickets only have to matriculate once, which makes the second session Fifty-five Dollars, including demonstrator's fees, or One Hundred and Fifteen Dollars for a full course. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students, for Seventy-five Dollars, and to second-course students and clergymen for Fifty Dollars, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is Five Dollars.

THE ADVANTAGES OF SCHOLARSHIPS.

The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the Institution as frequently as desired.

It requires no previous reading or study to enter the University on scholarships, hence all private tuition fees are saved.

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.

Parents, guardians or friends of students wishing to purchase scholarships for them, a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

PROSPECTUSES.

THE NEW YORK TIMES.

A POLITICAL, LITERARY AND MISCELLANEOUS NEWSPAPER.

Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London *Times*, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making *fifty-six* columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.

The TIMES aims, first of all, to give the earliest and most reliable *NEWS* from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the TIMES has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.

In its EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union, speedy the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy—demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slave in all their rights of life, liberty and property, the development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful discussion.

In LITERARY criticism and intelligence, the TIMES will be especially full and complete. Elaborate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever satisfactory.

The AGRICULTURAL, COMMERCIAL and FINANCIAL Reports of the TIMES will be prepared with quite as much care, and will be in every respect at least as full and satisfactory as those of any other paper.

Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.

No pains or expense will be spared to make the Times the most valuable, interesting and reliable newspaper in the United States. It has very large corps of able and experienced writers in every department, and will add to their number, both at home and abroad, as circumstances may require.
